CREATIVE MODULAR BUILDINGS

Commercial Modular Buildings in **FLORIDA**

Southeast Modular partnered with Creative Modular to deliver two new modular buildings for the Panther National Golf Club in Palm Beach Gardens, FL. Each 1,440-square-foot structure was designed for a specific purpose: one serves as a dining facility, while the other functions as the club's golf & gift shop.

The modular solution provided a fast, efficient, and high-quality approach to expanding amenities for members and guests. Both buildings were completed to blend seamlessly with the upscale golf club environment, offering functional and welcoming spaces.

BUILDING FLOOR PLANS INCLUDES

- Dedicated dining facility for members and guests
- Golf gift shop building with retail space
- 1,440 sq. ft. each
- Designed to integrate with the upscale golf club setting
