

CASE STUDY

CARTER CREDIT UNION

KEY FACTS

PROJECT NAME
Carter Credit Union

LOCATION
Coushatta, LA

SUNBELT FACILITY
ProMod Manufacturing, A Sunbelt Company

PARTNER
Boxx Modular

PROJECT TYPE
Financial Building Office

BUILDING SIZE
1,731 sq. ft

UNITS
3 Modular Buildings with lobby and offices

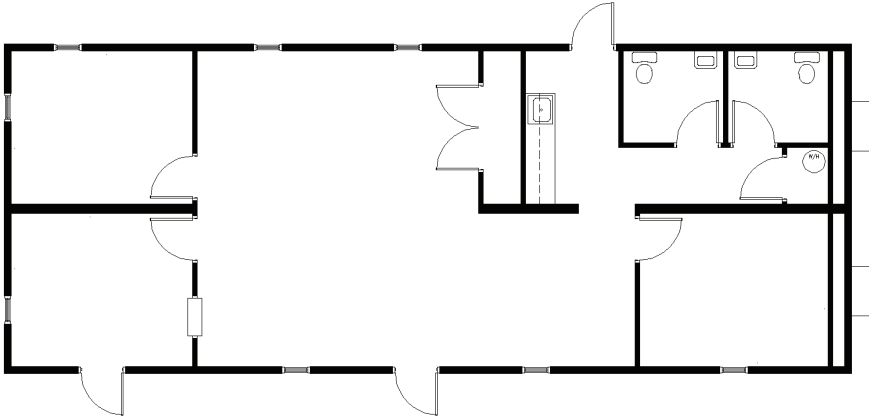

Carter Credit Union needed a new financial branch in Coushatta, LA to serve its growing membership and modernize operations. Speed, precision, and a polished aesthetic were top priorities.

Boxx Modular partnered with ProMod Manufacturing to deliver a flexible modular solution. The building was composed of three modules (13'9" x 46', 11'9" x 46', and 15'6" x 36'), assembled to create a seamless footprint. The standout design features included a curved lobby wall and a striking curved ceiling soffit, offering both visual appeal and a welcoming atmosphere for members.

While ProMod handled manufacturing, Boxx Modular completed the specialized interior and exterior finishes on-site, ensuring the final product met the financial institution's exacting standards. The result: a high-quality, 1,731-square-foot facility delivered faster than traditional methods, at reduced cost, and without compromising aesthetics.

CARTER CREDIT UNION

BUILDING FLOOR PLAN HIGHLIGHTS

- A welcoming lobby with curved wall and soffit feature
- Administrative offices for staff and financial services
- Open teller/transaction areas
- ADA-compliant restrooms
- Durable finishes designed for high traffic

KEY ACHIEVEMENTS

Delivered faster and more cost-effective than traditional builds, without compromising aesthetics.

Operational efficiency through purpose-built HR, training, and medical spaces

Specialized finishes for a premium banking experience

Future-ready design with durable finishes and flexible layout to accommodate growth.
